

Dear Partners and Community Supporters:

The Education Partnership's mission is to provide school supplies to students and teachers in under-resourced schools across Southwestern PA. We are committed to achieving our mission in a way that complies with environmental regulations; with the desired results of minimizing negative environmental impact and partnerships with those entities wishing to share in this mission, and goal.

The Education Partnership is committed to seeking out the best practices that will reduce our environmental impact. We stipulate that all partners, and supporters adhere to our environmental management system and overall impact reduction goals.

Best Regards,

Josh Whiteside
Executive Director
