# Adopt-A-School

Empower one school, transform hundreds of students

## Program Overview & Impact

Through the Adopt-A-School program, your company connects with a local school in need to provide every student with a school supply kit. These kits remove barriers to learning by providing all the essentials a student needs to learn, create, and thrive. Every sponsorship supports confidence and engagement in the classroom and shows educators their community cares.

## Get Involved

1. **Reach out to [Jade@TheEducationPartnership.org](mailto:Jade@TheEducationPartnership.org)**, and we'll match you with a local school in need.

2. **Choose your engagement style:**

- **Team-Building:** Assemble kits with your team at our West End warehouse.
- **School-Centered:** Sponsor kits to be built and delivered directly to your partner school.
- **Hands-On:** Combine both for a full-circle experience.

3. **Sponsor your students.** \$30 per student for one year, or \$25.50 per student for multi-year (3-year minimum) commitments.

# STEAM Hub

Inspire innovation and ignite curiosity

## Program Overview & Impact

The STEAM Hub equips teachers with high-quality tools and training to bring science, technology, engineering, art, and math to life in the classroom. Corporate partners help fund and expand this collaborative learning hub, empowering teachers and students to explore and solve real-world problems. Supporting the STEAM Hub helps deliver specialized classroom kits, professional development for educators, and access to Pittsburgh's growing STEAM network, preparing students for the industries of tomorrow.

### **Sponsor STEAM Possible Packs: \$1,000**

Fund a set of hands-on STEAM Possible Packs that teachers can use to introduce students to core STEAM concepts.

### **Sponsor Professional Development: \$5,000**

Support comprehensive STEAM professional development sessions for educators, strengthening teachers' confidence and skill development.

### **Sponsor the STEAM Lending Library: \$10,000**

Sustain and expand our STEAM Lending Library, which provides teachers with access to high-quality technology like 3D printers and Cricut machines.

# Teacher Resource Center

Keep classrooms stocked, teachers supported, and learning thriving

## Program Overview & Impact

The Teacher Resource Center (TRC) is the heart of The Education Partnership, a place where educators at under-resourced schools can “shop” for free classroom essentials. Our sponsorship opportunities offer companies a meaningful way to provide the materials teachers rely on.

### **Core Box Sponsorship: \$60,000 per year**

Support the essential supplies every classroom depends on, ensuring consistent access to high-demand items like notebooks, pencils, and paper. Your logo will be featured on more than 7,000 boxes.

### **Enrichment Support Package Sponsorship: \$30,000 per year**

Underwrite teacher-selected materials that enhance classrooms. Teachers choose from five package types: Teacher Essentials, Health and Hygiene, Art Supplies, Extra Essentials, or Early Education. Your logo will be featured on more than 7,000 boxes.

### **Classroom Extras Sponsorship: \$15,000 per year**

Helps source and distribute high-value donated goods including bulk variety items and seasonal finds that go beyond the basics.

**All sponsors receive recognition through signage inside the TRC, social media highlights, and invitations to appreciation events and volunteer opportunities.**
